Program

Groundskeeping MOA

President Mongeau read the MOA.

Members discussed that the vacant positions are actually currently posted even though the MOA says they are not. It was explained that management posted the jobs earlier than planned in a demonstration of good faith.

Questions were raised about the end date for the MOA and it was explained that this date was selected to allow for two more contracts in which we can further specify how contracting out of work traditionally done by bargaining unit positions will be handled.

Shawna reviewed the expedited nature of interim bargaining in situations like this and explained that we don't have time to negotiate this to the extent we might hope to, but we can revisit when it is time for regular bargaining.

Jared Hayes made a motion in favor of forwarding the MOA to the association for a vote. David Benston seconded.

Good of the Order

No additional items discussed.

Adjournment

There was no further business and, without objection, the meeting was adjourned at 5:40 p.m.
